

Dear Senator Mae Flexer, Representative Daniel Fox, and Members of the Government, Administration, and Elections Committee,

I support SB 184 and HR 5262.

These bills are important to me because I am one of your constituents who still worries about health concerns during this pandemic. While we are now managing the spread of Covid, we have not eliminated it. It makes sense to me to plan now to offer voting options for those of us who still take precautions.

Please continue the COVID19 safety measures and allow for everyone who fears exposure to COVID19 to vote by absentee ballot. Let's put the focus on people's health and allow additional voting options so that all of us can exercise our right to vote without fear of getting sick.
